

WARRANTY

D & R Electronics warrants its new products to be free from defects in material and workmanship, under normal use and service, for a period of one year on parts replacement, and one year on labor. This warranty applies only to original purchasers acquiring the product directly from D&R Electronics, or its authorized dealers. Warranty will not be recognized without proof of purchase or bill of sale. This warranty is not transferable. The warranty begins on the date of delivery to the first user/purchaser. This warranty shall not apply to products which must be repaired due to normal wear and tear, negligence, improper installation, abuse, misuse, or which have been altered or modified at a facility other than D & R Electronics, or its authorized depot center. Units proved to be defective within the warranty period, based on an examination by D&R Electronics, will be replaced or repaired at D & R Electronics' option. This warranty does not cover travel expenses or labor charges for removal or installation. Lamps, flash tubes, batteries or other items considered consumables are not covered under warranty.

This warranty is in lieu of all other express warranties. D&R Electronics makes no other warranties, expressed or implied, than the express warranties contained herein.

PRODUCT RETURN POLICY

In order to provide you with faster service, product returns for repair or replacement, must have a **Return Goods Authorization Number (RGA number)**. Please contact our company to obtain a RGA number before you return the product to D & R ELECTRONICS. Write the RGA number clearly on the package. Be sure you use sufficient packing materials to avoid damage to the product being returned while in transit.

D & R ELECTRONICS assumes no responsibility or liability for expenses incurred for the removal and/or the installation of products requiring service and/or repair. Repairing or replacing product is at the discretion of D & R ELECTRONICS.

Installation Instructions

Step 1

Move passenger seat back as far as it can go. Loosen plastic caps covering front seat bolts.

Step 2

Remove both front seat bolts and place spacer over the hole.

Step 3

Place LT6600 mount over the front legs and spacers and reinstall the front seat bolts. Trim plastic covers to fit with mount.

Step 4

Install LT6600 mount to base.

Step 5

Install console brace with 2x 1/4-20x 5/8in carriage bolts with flat washers to attached. Drilling the console may be required. Before drilling console ensure that there are no wires inside the console where you have marked to drill.

Step 6

Install dash brace with 1/4-20x 5/8in carriage bolts with flat washers use factory trim bolt to attached under the dash.
